# WATCHTOWER SECURITY PROMOTES COMMUNITY & RELATIONSHIPS

Towers of Excellence continues to be grateful for our angel sponsor, Watchtower Security. Their investment in change and mission to strengthen communities from within allowed Towers of Excellence to open our doors and begin serving scholars in underserved areas.

In 2014, Watchtower Security helped establish Towers of Excellence with the mission of empowering and inspiring today's youth to become tomorrow's leaders.

Through quality mentoring scholars are assisted in discovering a successful path to high school, college, and beyond. Watchtower Security and Towers of Excellence believe all people deserve a quality education and enriching life experiences.

Towers of Excellence currently serves over 50 scholars in the Chicago area. Our first-cohort (2015) of scholars are now seniors in high school. They are committed to excellence and working with the Towers High School Program- Order My Steps to continue their work in discovering and actualizing the best path for their futures in college and beyond.

We are currently moving forward with opening a Towers program in St. Louis. This is a large investment from Watchtower. We are currently working with several schools in the north city and north county area. to begin programming in the Fall of 2021..

*Thank  
you!*
